

## Lesson 1: The Human Footprint

**Learning Goal:** We are learning how humans shape the environment.

**1) “The human species is now the dominant force shaping the natural world.”**

**- Diane Ackerman**

Is this statement true or false? Explain.

**2) “She’s Alive” Observations;**

What are some important/ big ideas from the video?

**3) Geo Journal 1 Planner (jot down the key ideas you will include in your journal entry)**

How can we use our skills as humans to fix environmental damage? Choose and explain one idea.

Geography Journal One is due \_\_\_\_\_. Submit on a separate piece of paper or online. **Do not hand in Box 3 above, that is your planner, not your journal.**
